NAZGOL YAZDANPANAH

FRONTEND DEVELOPER

📍 Tehran, Iran | Willing to relocate | 📧 Email | 📞 Phone | 🔗 LinkedIn | 🌐 Portfolio

SUMMARY

Frontend Developer with 2.5+ years of experience delivering responsive, scalable web apps using **Angular**, **React**, **TypeScript**, and modern UI libraries. Worked on projects across tourism, healthcare, education, and music. Specializing in clean code, performance optimization, and multilingual, pixel-perfect websites.

SKILLS

Frontend Frameworks & Libraries: Angular, React, Next.js, Zustand, Zod, NGXS, Transloco
Styling & UI Frameworks: Angular Material, PrimeNG, HTML, CSS/SCSS, Tailwind CSS, MUI, Shadcn/ui
JavaScript Ecosystem: TypeScript, JavaScript (ES6+), Nx, NPM, PNPM, Strapi, Jest
Version Control Systems & AI Tools: Git, GitHub, GitHub Copilot
API & Data Fetching: RESTful APIs, GraphQL, Axios

PROFESSIONAL EXPERIENCE

Frontend Developer | Navaak, Full-time   03/2025 - Present
- Collaborated in building a data analytics panel using **Next.js**, **GraphQL**, **MUI**, and **Tailwind CSS**, enabling AI insights, automated reports, and dashboards; enhanced data visibility for 5 internal teams.
- Automated publishing workflow by building a rendering module with a job upload system using **React**, **Next.js**, **Tailwind CSS**, and **TypeScript**, reducing manual processing time by 60%.
- Implemented a data entry and content management panel with **Next.js**, **Zustand**, **Zod**, and **Shadcn/ui**, allowing teams to manage music metadata, artist profiles, album info, and editorial content.
- Led efforts in optimizing the company's landing page performance through **Lighthouse** audits, improving load times by 1.5 seconds while maintaining high visual quality across devices.

Junior Frontend Developer | Vikarno, Full-time   05/2023 - 02/2025
- Developed a booking website for a travel agency using **Angular**, **NGXS**, **Nx**, and **PrimeNG**, adopted by 10 airlines nationwide, and receiving 100+ successful orders in the first month.
- Implemented 4 web applications with **RESTful APIs** and coordinated with the backend team to streamline data management and enhance error handling for a smoother user experience.
- Boosted international visitor retention by 30% through seamless multilingual experiences on 4 websites, utilizing the **Transloco** library for localization.

Frontend Developer Intern | Vikarno, Full-time   02/2023 - 04/2023
- Partnered with functional teams during regular agile sessions, engaging in meetings, and implementing Trello's features, which led to a reduction in overdue tasks from 8 per week to 2.
- Enhanced **Angular** development by refactoring components and resolving 10+ UI-related bugs, resulting in faster onboarding and improved code clarity.

PROJECTS

Araamma
- Co-built an **AI**-powered therapy and mental health platform with **Angular**, **NGXS**, and **PrimeNG** alongside 2 developers; delivered 10+ core features in the first release.

Lingo-lab
- Created an **AI**-powered language learning platform with **Angular** and **Nx**, completed in 6 months with a modular architecture, refining UI and functionality for long-term scalability.

EDUCATION

Bachelor of Science in English Translation | IAUCTB   09/2016 - 06/2020
